SUBJECT INDEX

Acetic acid (in French),
Structural analysis of the functional derivatives of carboxylic acids. Part III. Ethyl acetate and α-halogens, 221
4-Acetylpyridine,
Structure and IR spectroscopic behaviour of the molecular complex of 4-acetylpyridine with pentachlorophenol, 109
Aliphatic azides,
UVPES of some aliphatic azides. Part III, 181
trans-Aza-aryl-ethylenes,
Conformational equilibrium in *trans*-aza-aryl-ethylenes: *n*-styrylquinolines and *n*-styrylisoquinolines, 189

$Ba(ClO_3)_2 \cdot H_2O$,
Temperature and pressure dependence of ^{35}Cl NQR in $NaClO_3$ and $Ba(ClO_3)_2 \cdot H_2O$, 377
Benzene cation,
Electronic spectra of fluorobenzene cations as studied by mass-selected ion dip spectroscopy, 55
Benzene-^{20,22}Ne cluster,
Sub-Doppler UV spectroscopy by resonance-enhanced two-photon ionization: the structure of the benzene-^{20,22}Ne cluster, 69
Bicyclic compounds,
The analysis of conformations and configurations of substituted cyclic ketones by multiphoton ionization, 95

Camphor,
The analysis of conformations and configurations of substituted cyclic ketones by multiphoton ionization, 95
Carbonic acid esters,
Conformational analysis of symmetric carbonic acid esters by quantum chemical calculations and dielectric measurements, 327
3-Carboxy-1-(carboxymethyl)pyridinium hydroxide inner salt,
Crystal and molecular structure of 3-carboxy-1-(carboxymethyl)pyridinium hydroxide inner salt, $C_5H_4(COO)NCH_2COOH$, 135
$CF_3Mn(CO)_4I^-$,
Infrared multiphoton dissociation spectrum of $CF_3Mn(CO)_4I^-$, 1
Chinoin-103,
Crystal structure of Chinoin-103 (±)-1-cyclohexylamino-4-(1-naphthyloxy)-3-butanol, maleate, $C_2OH_{27}NO_2 \cdot C_4H_4O_4$, 117
Copper (II) oxalate dihydrate,
Vibrational spectra of copper (II) oxalate dihydrate, $CuC_2O_4 \cdot 2H_2O$, and dipostassium bis-oxalato copper (II) tetrahydrate, $K_2Cu(C_2O_4)_2 \cdot 4H_2O$, 233
Cyclic ketones,
The analysis of conformations and configurations of substituted cyclic ketones by multiphoton ionization, 95

Diarylsulphones,
Conformational investigation of diarylsulphones by Kerr effect and dipole moment methods, 365
Dideoxyribonucleotides,
Application of multiphoton ionization mass spectrometry: protected dideoxyribonucleotides, 81
4,4-Difluoro-1,3-dithietane-2-on,
Gas-phase structures of 4,4-difluoro-1,3-dithietane-2-on, $\overline{SCF_2SC}$=O, and 4,4-difluoro-1,3-dithietane-2-thion, $\overline{SCF_2SC}$=S, 297
4,4-Difluoro-1-3-dithietane-2-thion,
Gas-phase structures of 4,4-difluoro-1,3-dithietane-2-on, $\overline{SCF_2SC}$=O, and 4,4-difluoro-1,3-dithietane-2-thion, $\overline{SCF_2SC}$=S, 297
3,7-Dimethyl-3,7-diazabicyclo [3.3.1] nonan-9-ol,
Structural and vibrational study of the 3,7-dimethyl-3,7-diazabicyclo[3.3.1]nonan-9-ol molecule by the AM1 method, 313

Dimethylglyoxime chelates,
Infrared spectroscopic studies of dimethylglyoxime chelates of nickel, cobalt, copper, palladium and platinum, 277
Dipotassium bis-oxalato copper (II) tetrahydrate,
Vibrational spectra of copper (II) oxalate dihydrate, $CuC_2O_4 \cdot 2H_2O$, and dipotassium bis-oxalato copper (II) tetrahydrate, $K_2Cu(C_2O_4) \cdot 4H_2O$, 233

Esters,
Synthesis and structural and conformational study of some esters derived from 8-β-hydroxy-3-penethyl-3-azabicyclico [3.2.1] octan-8-α-carboxylic acid, 203
Ethyl esters (in French),
Structural analysis of the functional derivatives of carboxylic acids. Part III. Ethyl acetate and α-halogen derivatives, 221
Ethynyl sulfur pentafluoride,
Gas-phase structures of ethynyl- and vinyl pentafluorosulfur derivatives: an electron diffraction and microwave spectroscopy study, 285

Femtosecond pulse,
Femtosecond time-resolved resonance Raman scattering, 11
Fenchone,
The analysis of conformations and configurations of substituted cyclic ketones by multiphoton ionization, 95
Fluorobenzene cations,
Electronic spectra of fluorobenzene cations as studied by mass-selected ion dip spectroscopy, 55

$GdBa_2Cu_3O_{6.8-7.0}$,
Vibrational properties of the R:Ba:Cu = 1:2:3 superconductors. Part II. The phonon properties of the $GdBa_2Cu_3O_{6.8-7.0}$ superconductor at temperatures above and below T_c, 245

Haloacetic acid (in French),
Structural analysis of the functional derivatives of carboxylic acids. Part III. Ethyl acetate and α-halogens, 221
Heterocyclic compounds,
On the correlation between ionization potentials and bond angles in heterocyclic compounds, 305
Hydrogen bonding,
Hydrogen bonding. Part 35. IR and thermodynamic study of hydration of *N,N,N*-trimethyl-1-adamantylammonium chloride, bromide and iodide, 141
Hydrogen bonding. Part 36. NMR study of ^{14}N to C–H as a measure of hydration of tetramethylammonium and tetrapropylammonium halides, 149
Hydrogen bonding. Part 37. *N,N,N*-trimethyl-1-adamantylammonium fluoride trihydrate and hemihydrate; evidence for covalent hydrogen bonding in the hemihydrate, 161
Hydrogen bonding. Part 38. IR and thermodynamic study of phosphorylcholine chloride calcium salt tetrahydrate and monohydrate, 173
8-β-Hydroxy-3-phenethyl-3-azabicyclico [3.2.1] octan-8-α-carboxylic acid,
Synthesis and structural and conformational study of some esters derived from 8-β-hydroxy-3-azabicyclico [3.2.1] octan-8-α-carboxylic acid, 203

Ionization potentials,
On the correlation between ionization potentials and bond angles in hetrocyclic compounds, 305

Kerr effect,
Conformational investigation of diarylsulphones by Kerr effect and dipole moment methods, 365

Methylvinylether,
Theoretical and experimental study of the non-s-cis form of unsaturated ethers. Molecular structure and vibrational assignment of the high-energy isomer of methylvinylether, 343
Molecular clusters,
Structural aspects of chemical reactions in molecular clusters studied with resonant two-photon ionization, 33

$NaClO_3$,
Temperature and pressure dependence of ^{35}Cl NQR in $NaClO_3$ and $Ba(ClO_3)_2 \cdot H_2O$, 377

Nonan-9-ol,
Structural and vibrational study of the 3,7-dimethyl-3,7-diazabicyclo[3.3.1]nonan-9-ol molecule by the AM1 method, 313
Norcamphor,
The analysis of conformations and configurations of substituted cyclic ketones by multiphoton ionization, 95

Pentachlorophenol,
Structure and IR spectroscopic behaviour of the molecular complex of 4-acetylpyridine with pentachlorophenol, 109
Phosphorylcholine chloride calcium salt,
Hydrogen bonding. Part 38. IR and thermodynamic study of phosphorylcholine chloride calcium salt tetrahydrate and monohydrate, 173
Propylbenzene,
Two-color threshold photoelectron spectroscopy: cation vibrational spectroscopy, 47

n-Styrylisoquinolines,
Conformational equilibrium in *trans*-azaaryl-ethylenes: *n*-styrylquinolines and *n*-styrylisoquinolines, 189
n-Styrylquinolines,
Conformational equilibrium in *trans*-azaaryl-ethylenes: *n*-styrylquinolines and *n*-styrylisoquinolines, 189
Superconductors,
Vibrational properties of the R:Ba:Cu = 1:2:3 superconductors. Part II. The phonon properties of the Gd-$Ba_2Cu_3O_{6.8-7.0}$ superconductor at temperatures above and below Tc, 245

Tetrapropylammonium halides,
Hydrogen bonding. Part 36. NMR study of ^{14}N to C–H as a measure of hydration of tetramethylammonium and tetrapropylammonium halides, 149
Toluene,
Two-color threshold photoelectron spectroscopy: cation vibrational spectroscopy, 47
(±)-β-(Trichloromethyl)-β-propiolactone,
Crystal structure and 35 Cl NQR of (±)-β-(trichloromethyl)-β-propiolactone, 127
N,N,N-Trimethyl-1-adamantylammonium chloride,
Hydrogen bonding. Part 35. IR and thermodynamic study of hydration of *N,N,N*-trimethyl-1-adamantylammonium chloride, bromide and iodide, 141
N,N,N-Trimethyl-adamantylammonium fluoride,
Hydrogen bonding. Part 37. *N,N,N*-trimethyl-1-adamantylammonium fluoride trihydrate and hemihydrate; evidence for covalent hydrogen bonding in the hemihydrate, 161
Two-color resonance ionization,
Two-color threshold photoelectron spectroscopy: cation vibrational spectroscopy, 47

Unsaturated ethers,
Theoretical and experimental study of the non-s-cis form of unsaturated ethers. Molecular structure and vibrational assignment of the high-energy isomer of methylvinylether, 343

Vinyl sulfur pentafluoride,
Gas-phase structures of ethynyl- and vinyl pentafluorosulfur derivatives: an electron diffraction and microwave spectroscopy study, 285

Wood,
Anomalies in diffuse reflectance infrared spectra of wood and wood polymers, 257
Wood polymers,
Anomalies in diffuse reflectance infrared spectra of wood and wood polymers, 257
